EXIT 'OLD-TIME MAMMAS': FORD

AUTO KING ENDS LONG SILENCE ON WOMEN

Henry Ford, the world's richest man, has broken his silence on the subject of women. It is this time he has consistently refused to have faith in women writers, declaring "they lack the requisite experience." However, the master, playing the role of "husband" at the Wayside Inn, gave to an International News service special correspondent the first exclusive authorized interview ever granted to a noted woman writer on the subject of women.

We were in the "big room" of the old Wayside Inn, built in 1696. Mr. Ford had come to meet me, with his springing suit in its striking contrast to his stooped shoulders, gray hair and deep-lined face.

He had just come from the old kitchen of the inn, in which he has spent no pains or expense to gather a complete collection of old-time utensils and fixtures.

DEATH BARES 'FLAMING LOVE'

GRL'S ARDENT NOTES TESTED SWEETHEART

Marshfield, Mass., Jan. 19 (A.P.)—Flaming love passions culled from a magazine and incorporated in letters his sweetheart wrote to test his love figured in a sensational investigation today into the mysterious death of Charles Bird of Lowell, Neb., found hanged in his hotel room here. So far authorities have been unable to learn the cause of death or to fix a motive. The only possibility advanced has been that death was due to starvation and a broken heart.

The girl, Veda Bellocville, 19, a high school student, told investigators she wrote letters to Bird and signed them "Doctor Green" and Keith Clayton, "fictional names selected from a magazine love story, in an effort to learn if he really loved her."

One of the letters inspired by the magazine story, said: "When you are with me, do you have to tighten your muscles to keep from swooning? Just the sight of me and her sweet, childish characteristics set my blood racing through my veins at an incredible speed. I ask you again, does your love equal mine?"

ASKS \$50,000 OF 'L' IN LOSS OF HER VOICE

The loss of her singing voice and consequent decrease in income were described to Judge Morton and a jury in Federal District Court today by Mrs. Florence Jepperson Madson, Penn. Utah, in her \$50,000 suit for damages against the Boston Elevated.

The plaintiff, a former soloist at the Old South Church, graduate of the New England Conservatory of Music and at present director of music in the Brigham Young University, Utah, testified she has sustained permanent physical and mental injuries as the result of being in a street car collision on Commonwealth avenue in May of last year.

Mrs. Madson, in her direct testimony, told the court she was in Boston at the time the accident occurred to fill a concert engagement before a Back Bay club.

She testified that she was a passenger in an inbound Commonwealth avenue car when it collided with one coming in the opposite direction and she remembered nothing of the circumstances except to find herself in a pool of blood on the car floor after the crash.

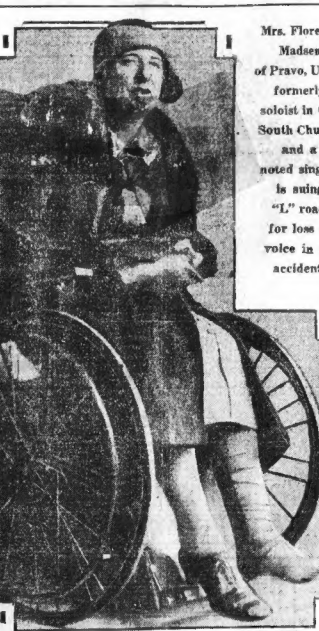

In her testimony, the plaintiff declared she had received a Master's degree in music from the University of Chicago, was for five years head of the department of music in LaSalle Seminary and was a frequent soloist before the Harvard and Algonquin clubs while pursuing vocal studies in the States.

Mrs. Madson testified that since the accident her voice has become "thin," "rough" and "washed" and she has lost an income of from \$4,000 to \$10,000 a year through these vocal faults.

ACTS OF PAUL KEITH LAUDED BY CARDINAL

"God and the church will never forget Paul Keith and his mother," William Cardinal O'Connell said today at his dedication of the Mary E. Keith Memorial Chapel on the grounds of St. Elizabeth's Hospital in Brighton.

Deploring that many modern fashions were a waste of money, frivolity and dissipation, leaving nothing but the hollow vanity, Cardinal O'Connell made a plea to the wealthy to follow the laudable example of Paul Keith's estate and remember the church.

At the mass, where the chapel was blessed and dedicated to the service of the blessed Virgin, the Cardinal was assisted by the Rt. Rev. Mer. Richard J. Halbert, chancellor of the archdiocese; the Rev. M. C. Dugan, chaplain at St. Elizabeth's Hospital; the Rev. George P. O'Connell, director of Catholic charities in Boston; the Rev. Charles U. Cunningham and Rev. Francis L. Keenan.

In his address the Cardinal said: "Mrs. Mary E. Keith was a saintly woman, and first in her mind was God. She kept constant watch over her faith and her son accumulated a fortune in the amusement world as a disciple of clean amusement. A large number of people, he believed, wanted clean amusement, and Paul Keith gave it to them."

"Virtues that his mother imparted to him carried him through. A good son of a good mother reveals himself in his last will and testament. No one can take his fortune with him to the next world. He must go the fortunate man's step. The absolute duty of the wealthy is to remember charities before their die."

George Washington

30 Indians, One Scalp

By W. E. Woodward

REFLECTED GLORY
Lawrence, brother of George Washington, had served with the British in South America in the "War of Jenkins' Ear." In his home, young Washington blossomed.

HAD LONE SCALP
Washington wrote in his diary that he and his party of surveyors "were agreeably surprised at the sight of thirty-two Indians coming from west with only one scalp."

HARD AT WORK
Washington, as an assistant surveyor, wrote of hardships. He said: "I have not slept above three nights or four in a bed." On this trip, he spent a busy month.

TAKES SEA VOYAGE
In September, 1751, Lawrence Washington went to Barbados. He had tuberculosis. Brother George went with him as nurse and companion.

COURT-MARTIAL GUARD FOR 'LIE'

As an aftermath of the Coast Guard run trial at which he was a witness, Seaman Joseph E. McKough was today tried before a court-martial board on charges of making conflicting statements. The finding of the tribunal was sent to Admiral Billard, head of the Coast Guard at Washington, for review. The government alleged McKough had been called as witness for the prosecution at the trial of one of four patrol boat skippers facing charges of gun conspiracy, but that he failed to testify to facts embodied in a statement signed by him in the presence of Federal agents. Instead, it was contended, he later signed another statement at the office of Atty. William H. Lewis, counsel for defense, in which he admitted the previous affidavit and gave evidence in favor of the defendants.

QUEEN APPEARS HAVE WON FOR CAROL

Bucharest, Rumania, Jan. 18 (A.P.)—Queen Marie appears to have won victory in her long struggle for rehabilitation of her wayward son, Prince Carol.

Persistent reports from sources which are far from negligible, together with veiled allusions in the newspapers, all tend to show the government has been convinced that the only way to clear the atmosphere is to recall him.

Premier Averescu and the members of the cabinet are understood to have practically decided to acquiesce in a reconciliation with Carol subject to certain conditions. In order to obtain necessary support to combat the opposition.

In this connection the party of the Bratianu brothers, Tuzo and Vintila, who for years have wielded powerful influence in Rumania, and the party of Premier Averescu are said to be negotiating for a fusion with the National Peasants' party, which supports Carol for the formation of a solid bloc.

Everything is dependent on important meetings of the political parties fixed for the end of the week.

It remains to be decided when and how public announcement of the reconciliation shall be made. The general belief is that it probably will take the form of notification that permission has been given for Carol to return to Rumania.

JAIL TEN WHO FLOGGED ABBE

Melon, France, Jan. 18 (A.P.)—Ten members of the Radical "Order of Our Lady of Tears" were sentenced by default today for flogging the Abbe Les Noyers, parish priest at Bondon, a year ago, and maintaining his servitude.

Two men were given eight months imprisonment and eight women were sentenced to six months each. A fine of 100 francs was also levied in each case. The abbe was awarded 5,000 francs damages and the service 1,000 francs each.

The case, favoring of the spirit of the dark ages, aroused nationwide interest. The members of the fanatical order, which was founded by a former Jesuit in Bordeaux in 1911, went to Bondon, a village 30 miles from Melon, determined to "expel from the body of Father Les Noyers the spirit of evil which possessed it."

They invaded his society, strangled and scourged him, leaving him in a serious condition. Marie Menin, the former Jesuit, who founded the order, protested that the abbe had cast a spell over her.

SON OF BARON IS JAILED ON MONEY FRAUD CHARGE

London, Jan. 18 (A.P.)—London's latest disappearance case was closed today when Lawrence Edward Bloomfield Park, thirty-year-old son and heir of Baron Hildon, was sentenced to four months imprisonment on a charge of getting a small sum of money under false pretences. The vanishing of the baron's heir early this month created a sensation, coming on the heels of the disappearance of Mrs. Agatha Christie, American novelist, who was later located at Harrogate, and Miss Tina Crowe, who was found drowned near the burial place of her father, Sir Eyre Crowe.

HUB ARTIST IS REBUFFED BY MRS. COOLIDGE

Paul Jones Chute, Boston and Brookline artist, who was rebuffed by Mrs. Calvin Coolidge when the third lady sent back by a Federal detective a silhouette drawing the artist had made of her, declared today that he is the victim of a fake attack by some mysterious woman enemy.

"The picture has been sent back to me," the artist admitted today, "but the whole thing is based upon a malicious fake. Further than that I don't care to discuss the matter at all."

After Chute had sent a gift to Mrs. Coolidge, requesting it return the autographs of herself and the President, to add to his collection of women, similar to her "A Boston Woman Journalist," wrote a letter to Mrs. Coolidge which apparently caused her to send back the picture under guard of a secret service man.

CHARM OF BLUE LURES \$140,000 TO JEAN NASH

Monte Carlo, Jan. 19 (I.N.S.).—"Eight," said the Duke in a deep throaty exultant tone.

"Eight," countered Mrs. Paul DuBois, in a lady-like, subdued voice.

The preceding couple shifted the Duke of Westminster's \$60,000 francs toward the already monumental pile in front of the former Mrs. Jean Nash, once known as the best dressed woman in the world.

"This little scene—one of many—was enacted at the Monte Carlo Sporting Club last Saturday. The Duke added as he declined to take a further hand:

"I think I had better go and hunt wild bear for a while."

\$140,000 PROFIT.

\$5, the duke wired orders to his chauffeur near Paris, which started a special train transporting 100 pounds, twenty-five hundred francs, and thirty horses to the duke's hunting preserves on the shores of the channel barely six hours from London.

Mrs. DuBois is finding her stay on the Riviera most profitable this year. According to her own statement, she has won an average of half a million francs recently, which in a week made her \$140,000 to the good.

She said to tonight:

"I think my 1927 season is working in grand style. No, it is not a matchless one, a tiny white elephant. It is simply the new color of diamonds I have ordered in spite of advice to the contrary from practically all dressmakers."

No Guessing for Wave Lengths

Turn to the radio program in your paper. Note the wave length in meters of the station, within range, you desire to hear. Turn to that wave length on your single dial. This dial is not calibrated from 0 to 100 as other sets are. But the dial is calibrated in actual wave length meters from 200 to 550 meters.

We Do Not Exaggerate

when we state that this is one of the greatest values ever offered in radio, because these are the features which you will get when you buy this outfit at less than half price.

First: A brand new set guaranteed both by the Magnavox Company and by the store.

Second: The fine equipment which we usually sell with our highest priced radio sets.

Third: The two newest features which make radio engineering in 1927 a finer art than ever before, the Single Dial Radio, and the Cunningham CX371 Power Tube which as used in this outfit gives a maximum undistorted power output 23 times greater than the regular CX301-A. Cunningham would normally give.

The Single Dial Is One of the Greatest Improvements in Radio

MAGNAVOX made the first successful single dial set and here they were pioneers. This is the 15th anniversary of Magnavox progress in radio.

Does the manufacturer behind the product mean anything to you? The Magnavox Company is in Radio to stay.

MAGNAVOX was a foremost name in radio, long before the days of broadcasting and today it stands for progress.

A REVELATION awaits you when you first hear the perfectly tuned Magnavox. These sets are tuned at the factory by a tuning meter that is a thousand times more sensitive than the human eye. No manipulating of three dials is necessary. You simply select your station with a turn of one hand. 3 Condensers of Solid Brass are mounted on a strong single shaft. This condenser system moves with marvelous smoothness and without back lash as is usually the case with gear type single dial controls.

"Guilty"**Tried to Buy Revolver**

By Jean McDonough

THE DISTRICT ATTORNEY CALLED
 in Mr. Sherwood. "What is your business, Mr. Sherwood? Do you sell revolvers?" The witness said he did. "On the day of the murder did Davis enter your store?" "Yes, he did; he came in to buy a revolver. It was just a few minutes before closing time and I was alone in the store that is how I happened to remember him so well."

(Copyright, 1927, by The Bell Syndicate, Inc.)

"HE CAME IN LOOKING NERVOUS
 and worried," the witness continued, "and asked me if I sold revolvers. I asked him what use he had for a revolver. He said he was a merchant and because of recent burglaries in the vicinity of his store he felt that he needed protection. I told him that it was necessary for him to have a Police Department permit and that I could not sell him a revolver until he had one."

"HE ARGUED WITH ME. 'YOU'VE
 got to sell me one," he said. "Suppose some stick-up man visits my store tonight—what am I going to do?" "I'm sorry, sir," I said. "I hope that does not happen, but really I am not able to sell you what you want without the proper license." I gave him the Berkeley street address of police headquarters and told him they would supply the permit if they thought he really needed it."

"HE MUTTERED HIS THANKS FOR
 the information and shuffled out. I felt at that time that he was up to something wrong, so I watched him from the door. He walked up and down the street a few times looking queerly at the passersby, and then suddenly, as if he remembered something, he quickly crossed the street and disappeared." Charles tried in vain to break down the man's story. (Continued tomorrow)

Amateur Discovers New Comet Found in Southern Sky

Copenhagen, Denmark, Jan. 19 (A.P.)—The discoverer of the new comet, announcement in regard to which was made by the Harvard College observatory, is identified here as a South African amateur astronomer named Rialwayne. The comet, of the ninth magnitude, is low in the southern hemisphere and not visible in the northern hemisphere. Rialwayne discovered another comet last year.

It's a Useless Law
 Annapolis, Jan. 19.—Among old laws slated for repeal by the Maryland Legislature is one forbidding saloons to serve any free lunch except pretzels, cheese and crackers.

HOUSE IS FIRED 3 TIMES

Worcester, Jan. 19.—Three incendiary fires, all set in one house within 24 hours and the last early today, are blamed on a Black Hand organization by the occupant, Algie Rano of No. 173 Shrewsbury street. Rano and his family were absent from home during all three of the blazes, whose total and accumulated damages figure \$1,195. The first fire was set at 3 a. m. Tuesday and resulted in a damage of \$1,000. The second was at noon and was checked when \$500 had been burned up. The third, at 1 p. m. today, did \$1,195 additional damage. Practically all furnishings of the house were destroyed, or damaged beyond repair, in the three fires. A police guard was stationed today about the house.

APPLE A DAY ALL RIGHT, BUT NOT IN PIE

New York, Jan. 19.—Apple pie, once an honored guest at every American table, was found guilty yesterday, of contributing to the delinquency of youthful health. The verdict was rendered by Mildred Mason, executive secretary of the Columbia County Tuberculosis and Public Health Committee, at an annual conference. Apple pie is as popular, Miss Mason said, that schoolboys miss going to school in preference to more healthful food. It is too rich, she said, and should be eliminated in favor of plain cake. Another unwholesome food under investigation is the doughnut. Next to apple pie, Miss Mason said, it is the worst enemy of the school boy's health. Girls are also partial to indulge in this food, according to the investigator, and children under ten have a lamentable weakness for jelly-pops.

UNCLE AND NEPHEW ARE EACH SEVEN YEARS OLD

Worcester, Jan. 18.—"Boys, meet my nephew. Boys, meet my uncle." This was the salutation of Irving Franklin Warren and Alton Barnes Warren, both seven years old, gave their playmates at their birthday party. Irving, who is really Alton's uncle, is just two hours older. He is the son of Mr. and Mrs. Arthur M. Warren of 117 Beaconstreet road. Alton is the son of Ralph M. Warren of 13 Pennock road. This marked Irving the uncle of Alton and the brother of Ralph, who is 54 years old.

SAILOR'S TEETH BITE NO MO'

Teeth or no teeth, Erik Johnson, Swedish sailorman, today is "resting comfortably" at the Carney Hospital. Erik was rushed to port on the Hamburg American liner Thurgut after he had swallowed two artificial fillers while asleep aboard the British freighter Zimorok, following a long siege of watch. Transferred at mid-ocean to the passenger liner enroute from Hamburg and Queenstown, he was temporarily relieved by Dr. Martin Steinbruck and rushed to the Carney Hospital when the boat docked at Commonwealth pier. Dr. Fred Lund, through an incision in the sailor's neck, located the unsightly teeth amidships between the

Women's Shoe Sale Proves "It Pays to Advertise"

New York, Jan. 19 (A.P.)—It pays to advertise. One brand of women's shoes priced at \$15 sold three times as fast as another grade, much the same, priced at \$15.50. From this discovery, H. N. Lane of Cincinnati told the National Boot and Shoe Manufacturers' Association, he deduced that women wanted to buy only merchandise that was discussed and written about. Larrynx and the oesophagus, while Erik finished his broken sleep—this time with the aid of ether. A house is an investment in happiness and a permanent investment, as well. (Continued A.S. QUACK DOCTOR SLEUTH IS ASKED FOR

A regularly assigned investigator to work exclusively in ferreting out medical quacks and physicians practicing illegally in Massachusetts, was demanded today by the State Board of Registration in Medicine. Dr. Charles E. Prior, member of the board, speaking before the legislative committee on State administration, pointed to the Dr. Thomas H. Walsh case as one that would have been avoided. "Though we were aware of the irregular work which Dr. Walsh was doing to have enabled a sharp detective to have caught him four days," the speaker declared. He said the board is handicapped in making investigation of complaints, as one State detective now gives but part of his time to the work. Dr. Prior said liquor evidence furnished against doctors by Federal prohibition investigators was unreliable, and a separate inquiry of each case by the State should be undertaken.

Why This Man Banks with the Shawmut

"JUST why do you bank with the Shawmut?" one business man asked J another a few days ago.

"Well," came back the answer, "there are two outstanding reasons.

"One is the Shawmut's size and strength. I like to tie up with a big institution that is known and respected wherever I go.

"My second reason is the cordial treatment I get from the Shawmut officers and tellers. It is easy to meet and to know them intimately. Furthermore, they act as if they are genuinely interested in making things pleasant and helpful for me. I really like to go into the Shawmut to do business."

You, too, can have all these advantages just as well as not. Why not tie up with the Shawmut Bank?

KANNO VICTIM OF PNEUMONIA

The light harness horse racing game lost one of its most active enthusiasts today in the death of Fred Kanno, 44, of this city who passed away in the hotel Raymond, Pittsburgh, a victim of pneumonia. He was stricken three weeks ago while visiting J. Raymond Dyer of that city.

Mr. Kanno's participation in horse racing dated back many years and he was intimately acquainted with nearly all the grand circuit owners and drivers. He was also proprietor of a patent medicine business.

With Dr. Edward Hanson of this city, Mr. Kanno conspired several horses on the grand circuit for several years. The two were dancing in vaudeville together when they were young.

Mr. Kanno was a father and a sister in Wisconsin, Me., and two other sisters live in this city. Burial probably will be at Wisconsin.

'MAD EMPRESS' IS DEAD

Brussels, Belgium, Jan. 19.—Marie Charlotte, widow of former Emperor Maximilian of Mexico and aunt of King Albert of Belgium, is dead. Influenza brought to an end her romantic and tragic career.

For the last few years the aged Empress had been an invalid, and when she was stricken with influenza a few days ago her physicians despaired of saving her life from the first attack.

Early yesterday morning the influenza developed into pneumonia and then all hope was gone. Just after midnight, with King Albert, Queen Elizabeth and Prince Leopold at her bedside, where they had been hurriedly summoned, she died.

The funeral of the empress will be held at 11 o'clock Sunday from Laeken Cathedral, where she will be buried. Full royal honors will be given.

Certain This Woman Doesn't Use Auto for Everything

Washington, Jan. 19.—Mrs. Sarah E. Summers, manager of the government hotels here, took a lot of territory when she said she used her automobile for "everything in the world."

"Oh, no," said Representative Wood of Indiana. "There are a lot of things I can think of a hand that you wouldn't use an automobile for."

HOLD 'LOUNGE LIZARD' THIEF

Chicago, Jan. 19 (A.P.)—Robert Hartford, New York, who described himself to police as a member of a "gang of lounge lizards" who robbed women patrons of New York night clubs of their jewels, is held pending confirmation of his reported thefts by New York police.

He denied actually committing any thefts, but said it was his duty to make the acquaintance of jeweled women in order that they might be robbed. Usually, his acquaintance were made in fashionable hotels, and later an accomplice would commit the thefts. He claimed knowledge of a theft of \$25,000 in gems from the apartment of a New York actress.

Because of the nature of the robbery, he also was questioned in connection with the slaying of Dorothy King and Louise Lawson, Broadway beauties, slain for their jewels.

Stanford University, Cal., Jan. 19 (A.P.)—"The whole of your life must be spent in your own company and only the educated man is good company to himself. Wisdom is knowing what to do next; virtue is doing it. The world turns aside to a good man pass who knows what he is going."

This was the birthday message today of Dr. David Starr Jordan, chancellor emeritus of Stanford University on the occasion of the seventy-sixth anniversary of his birth.

HILL'S combines these four efforts. Each is accomplished by a modern discovery, the best now have found of its kind. One of the world's largest laboratories has embodied them all in one tablet, in a way no rivaling to it results.

HILL'S is the perfect pain for colds. It is so efficient, so complete that we paid \$100,000 for it. The use has grown and grown, until millions have come to employ it.

MEDBURY SAYS—

By JOHN F. MEDBURY
SEVERAL girls' clubs throughout the country are starting a national campaign against "parlor settees." A parlor settee is a fellow who calls on a girl and thinks her living room is a tourist camp. ALL he does is sit around and wear out the chairs. HE'S a big indoor man from the east. THE only white open spaces he finds anything about are in flaps. ONE girl got some other evening and demanded some entertainment. So her sweetheart read her the funny papers. HE was so afraid she was going to ask him to take her out somewhere that he'd poured glue on the couch before he sat down. IT was the first time in three years that he'd been stuck for anything. HE took her to a theatre in 1924, but they sat so far back that the actors had to telegraph him their jokes. HE refuses to take his girl down to the evening because the bright lights hurt his eyes.

Your Cross, Sick Child is Constipated! Look at Tongue

Hurry, Mother! Remove poisons from stomach and bowels

Give "California Fig Syrup" if irritable, bilious or feverish

No matter what ails your child, a gentle, rough laxative should always be the first treatment given.

If your little one is out of sorts, half-sick, isn't resting, eating and acting naturally—look, Mother, at his tongue! Is coated? This is a sure sign that the little stomach, liver and bowels are clogged with waste.

When cross, irritable, feverish, stomach-achy, breath bad or has a "green" or "white" coating on the tongue, (full of dirt, give a teaspoonful of "California Fig Syrup," and in a few hours all the constipated poison, undigested food and

more bile really moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless, "fruit" laxative. It never fails to cleanse the stomach, the liver and bowels, leaving only the pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Fig Syrup," then see that it is made by the "California" brand, undigested food and
